📍 Gwalior, MP

☎ 91-7067193832

## Profile

Enthusiastic and detail-oriented Computer Science student with a solid foundation in full-stack web development, seeking an internship opportunity to apply and enhance technical skills. Proficient in front-end technologies (ReactJS, HTML) and back-end development (Django REST framework, Python). Experienced in data visualization and analysis using Power BI. Demonstrated ability to learn quickly, adapt to new technologies, and contribute effectively to team projects.

## Education

<b>ITM Gwalior</b> B Tech – Computer Science & Engineering   CGPA : 8.4 <b>Coursework Highlights:</b> Data Structures and Algorithms, Database Management Systems, Operating Systems, Software Engineering, Computer Network.	2022 – 2026
Amar Jyoti Convent Higher Secondary School, Gwalior 12 <sup>th</sup>   MP Board   Percentage: 79.6 / 100	2021
Kendriya Vidyalaya No.1 Gwalior, Gwalior 10 <sup>th</sup>   CBSE   Percentage: 80 / 100	2019

## Project

### Seven Shades – E-commerce Website

Developed a responsive e-commerce platform using Django REST Framework, React.js, and MySQL with features like sign-up/login, product browsing, cart, checkout, and payment gateway integration; deployed using Vercel (frontend) and PythonAnywhere (backend).

### AI Chatbot for Bajaj Policy Hackathon

Built and deployed an AI-powered chatbot using Django, Stream lit, PostgreSQL, and Cohere API to answer insurance policy queries. Implemented batch processing for handling large-scale policy data efficiently.

[View Here](#)

### Interactive Dashboards – Amazon, Hospital Management, etc.

Built multi-page dashboards in Power BI using Kaggle datasets; performed data cleaning (Power Query), modelling (DAX), and visualized key metrics like sales trends and patient flow.

## Professional Experience

### Intern – Numeric Infosystem Pvt. Ltd.

January 2024 – April 2024

Worked on a live project within a professional team, applying skills in Python, Django, SQL, and Power BI. Gained practical exposure to how real-world applications are developed, tested, visualized, and deployed, while improving my understanding of development workflows and team collaboration.

## Skills

**Backend** – Django REST Framework, Python | **Frontend** – React.js, HTML, CSS, JavaScript

**Database** – MySQL | **Tools** – Power BI, NumPy, pandas, Matplotlib

**Data Analytics** – Data cleaning, intermediate ML, Prompt Engineering (Generative AI)

## Certificates

C Programming, Python with Django, (Data Science & Data Analyst) – PS Softech [View Here](#)

Python Programming– NPTEL [View Here](#)

Android Developer, Zero Trust Cloud Security Virtual Internship(AICTE) [View Here](#)

Python Foundation– Infosys Springboard [View Here](#)
